### Helpful Hints

Here are some useful ideas to help us respond to the Spirit better.

- 1) Understand that it is God's desire that you are fully equipped in the things of His Spirit so that you can bear a powerful and consistent testimony to Him. Soak yourself in the Gospels and also the book of Acts and allow the Spirit to deepen your sense of faith about what He is doing in the world today through the people of God.
- 2) Surround yourself with some faith filled Christians who believe in the power of God at work in the world today. Expectation and faith are to big elements that are needed if God's people are going to be used in the powerful aspects of the Holy Spirit today.
- 3) Endeavour to make yourself available to God in every situation of your life asking that His Spirit will guide, empower and equip you for whatever you face.
